

2026-2027 Request to Separate Financial Information

The Office of Financial Aid has reviewed your recently completed 2026-2027 FAFSA. This review indicated that your parent is Separated or Divorced but the required financial information appears to contain combined information for a married couple. It is important that your FAFSA reflect the most accurate information in order for you to be awarded correctly. Therefore, our office will need to separate your parent's financial information for you. In order to do this, we will require a copy of parent's W-2s and tax information for the 2024 tax year. A separate request for these documents has been populated in your portal. Please make sure that you submit the correct year's information, as requested. Your parent will also need to print out, sign, and date, with pen and ink, the statement below and upload it in your portal.

I hereby request and grant permission to The Office of Financial Aid at Waldorf University to separate my financial information on the FAFSA and make changes to my child's FAFSA, as needed, to accurately reflect my financial information. I understand that I will be required to submit additional documentation and that my child cannot be awarded Financial Aid until this process is completed.

Student Name (Printed)

Student ID or Last 4 Digits of SSN

Parent Name (Printed)

Parent Signature

Date
